Mr. Sims,

Pryor was to inform you the marks are in the area,
and MAY

be disturbed. NOT that they will be disturbed.
It just a heads up for the salvage crew that will be removing the rails.

Thanks,
Simon.Monroe@noaa.gov

> Mr. Monroe,
> Please reference your e-mail below to Kristy Clark regarding the above-referenced abandonment. BNSF has received effective authority from the Surface Transportation Board for this abandonment. BNSF plans to arrange for the salvage and disposition of the right-of-way and materials thereon in the near future. Accordingly, the five (5) geodetic survey markers identified as being affected by the proposed abandonment should be relocated within the next 90 days.
